# BRITEX

The **BRITEX SaniFlush Sensor System** is an example of our commitment to total hygiene & conservation through the effective & efficient use of water. Britex offers the security & convenience of a single source for your complete urinal installation, carefully designed to minimise the problems commonly associated with the male toilet.

The complete Sani Flush system, including the sensor is totally concealed, providing the ultimate in vandal resistance. No touch, sensor operation provides the ultimate in hygiene for all users. The system connects directly to the mains supply, eliminating the need for a cistern.
