ABOUT

The construction of the new amenities building at Ador Reserve in Sydney's southern suburb of Rockdale, included six unisex public toilets including one ambulant toilet, an accessible toilet with baby change facilities, service corridor, referee's room with shower and toilet, meeting room, canteen, medical room with toilet, two change rooms with toilets and showers, two storage rooms, a concrete hand wash trough, bubblers and two utility room. This also involved the demolition and removal of the existing amenities building. In 2018 Ador Reserve, located 13 kilometres south of the Sydney CBD, underwent extensive upgrades to incorporate a synthetic soccer pitch, fencing, seating and a raised viewing area. Now utilised throughout winter by the St George Football Association's 9500 players, Ador Reserve will see high volume use of the new Amenities Building.
