Diamond Creek East Primary School

DIAMOND CREEK, VIC | AUGUST 2021

BUILDER: Kendall Construction Group

BRITEX PROJECT MANAGER: Britex VIC

Britex are proud to have worked alongside Diamond Creek East Primary School and Kendall Construction Group as part of the Victorian School Building Authority's vision to build new schools and modernise existing ones.

A wide range of Britex Stainless Steel products was supplied including drinking troughs, BenchTech sinks and other fixtures specialised for practical activity. Separating solids from liquids through a filtration system and using a trough with a raised waste, the Flat Rim Clay and Ablution Trough (TCAI) used in conjunction with the Plaster and Clay Arrestor (OSPC) contain features that make them perfect for school art rooms.

Other Britex products for Diamond Creek East Primary School include:

• Britex Stainless Steel Accessible Drink Safe™ Drinking Trough (TP6)
• Britex Stainless Steel Twin Centre Bowl Laboratory Sink (LSTCB)
• Britex Stainless Steel Flat Rim Clay and Ablution Trough (TCAI)
• Britex Stainless Steel Grandeur Hand Wash Basin (HBGU)
• Britex Stainless Steel Accessible Hand Basin (HBDA)
• Britex Stainless Steel BenchTech Mobile Bench (BT-MB)
• Britex Stainless Steel Centurion Accessible Pan (PCD)
• Britex Stainless Steel Plaster and Clay Arrestor (OSPC)
• Britex Stainless Steel BenchTech Single Sink Bench (BT-SSB)
• Britex Stainless Steel PWD Wall Mounted Trough (TPWD)
• Britex Stainless Steel Single End Universal Laboratory Sink (LSSEB)
