Image shows Model SHELF-S with 'blade' type rear upstand

## features and benefits

- Made from 304 or 316 (acid resistant) S.S. no. 4 satin finish
- Fully customisable
- Supplied with stainless steel wall brackets
- Option of 'Blade' or 'Sealed' upstand
- Easy to clean and maintain
- Suits wide range of project types

## about

The **BRITEX Stainless Steel Flat Shelf** is manufactured from 1.2mm thick stainless steel in commercial grade 304 or acid resistant grade 316 stainless steel in a No. 4 satin finish. Shelves are manufactured in custom lengths to suit each application and are typically 350mm wide overall. Fully customisable, shelves are supplied complete with 25mm square stainless steel tube brackets and the 30mm upstand to the rear can either be supplied as a sealed type or as a blade only that sits off the wall for easy cleaning.
