## about

*BRITEK Stainless Steel Beach Showers* are specifically suited to installation on beach fronts and public reserves. With security and coastal elements in mind, columns are manufactured from marine grade 316 stainless steel and come complete with water efficient, timed flow tap ware for both showers and foot wash taps. Maintenance can be carried out via access hatches on top of the post (for shower head) or in the side of the post (activators/foot wash taps). For additional convenience, towel rails link the columns that can be supplied in a range of standard and custom configurations.
