FRANKSTON, VIC | 2022

BUILDER Ducon

PLUMBER Wood & Sons Plumbing

BRITEX PROJECT MANAGER Britex VIC

What a beauty! The new toilet block located at Beauty Park Frankston, provides the community with accessible toilet and sanitary facilities.

Working alongside plumbers Wood & Sons and builders Ducon, BRITEX manufactured and supplied a range of robust, durable and hygienic stainless steel fixtures for the facility. Including accessible and ambulant hand basins, toilet suites and other washroom accessories.

Made and installed in compliance to AS1428, BRITEX accessible fixtures are highly resistant to vandalism yet stylish, making them the ideal choice for use in public amenities.

BRITEX products featured in this project include:

- Britex Accessible Toilet Suite (PTSD)
- Britex Ambulant Toilet Suite (PTSCAM)
- Britex Grandeur Hand Basin (HBGU)
- Britex Accessible Hand Basin (HBDA)
- Britex Cleaner's Sink with Brackets (CSB)
- Britex Deluxe Timed Flow Push Button Tap (TW-9201)

ABOUT

Frankston mayor Michael O'Reilly said "the new loos are part of council's Public Toilet Action Plan, which guides the implementation of safe, accessible and environmentally responsible public toilets for the community."
