- Models to suit vinyl and concrete floors
- Ideal for processing plants, commercial kitchens are prep areas

about

The BRITEX Stainless Steel Cylindrical Bucket Trap is ideally suited to processing plants, commercial kitchens are food prep areas where waste water containing solids needs to be filtered prior to entering plumbing infrastructure. Manufactured from commercial grade 304 stainless steel, the Cylindrical Bucket Trap incorporates an easy to remove, 2mm fine mesh filter, a heavy gauge perforated top and can supplied with a top flange detail to suit vinyl or concrete floors.
