- Available with S or P trap
- Concealed fixings
- Unique blockage resistant trap
- Safety radius front edges
- Left and right access panels
- Free of ligature points
- Optional backrest - as required by AS1428
- Option for permanently sealed access panels (maximum security projects)
- Option for 'Ambulant' model (raised height only)
- Suits detention facilities and public amenities

## about

The *BRITEX Centurion Disabled Toilet Pan* is fully shrouded and manufactured from heavy gauge 304 satin S.S. making it easy to clean and providing optimal strength. Designed to conform to Australian Standard for disability access - AS1428, the Centurion Disabled Toilet Pan is supplied with a Vandal Resistant Closed Front Toilet Seat (colour to be nominated). Incorporating radius edges for added safety, a pressed internal bowl and unique trap design, the Centurion Disabled pan is extremely water efficient (4.5/3 litre) and much less susceptible to costly blockages in public amenities. Access panels come standard on both sides of the pan for easy installation and a toilet seat can be fitted if required. WaterMark and WELS certified as required by plumbing regulations and government legislation. A vandal resistant Stainless Steel Backrest as required by AS1428:2009 is optional.

## sample spec. text
