- Double-skinned cistern casing
- Suits pubs, clubs and public amenities

about

The *BRITEX Stainless Steel Ambulant Toilet Suite* is a robust yet stylish, compact suite that incorporates a vandal resistant toilet pan and dual flush cistern. It is designed to conform to Australian Standard, Design for Access and Mobility - AS1428, with respect to ambulant users. A pressed internal bowl area and unique trap design makes the pan extremely water efficient and much less susceptible to costly blockages in public amenities. Being close-coupled, the suite is hygienic, highly resistant to vandalism and allows for ease of cleaning. Perfect for public toilets and areas that require high security fixtures without compromising on aesthetics. WaterMark and WELS certified as required by plumbing regulations and government legislation.

sample spec. text
