- Fitted toilet seat - as required by AS1428
- Double-skinned cistern casing
- Suits pubs, clubs and public amenities

## about

The *BRITEX Stainless Steel Accessible Toilet Suite* is a robust yet stylish compact suite that incorporates a vandal resistant toilet pan and dual flush cistern with radiused edge. It is designed to conform to Australian Standard for disability access - AS1428. A pressed internal bowl area and unique trap design makes the pan extremely water efficient and much less susceptible to costly blockages in public amenities. Being close-coupled, the suite is hygienic, highly resistant to vandalism and allows for ease of cleaning. Perfect for public toilets and areas that require high security fixtures without compromising on aesthetics. WaterMark and WELS certified as required by plumbing regulations and government legislation. A vandal resistant Stainless Steel Backrest as required by AS1428:2009 is optional.

## sample spec. text
