installation notes

To order this item please advise:

- Shelf length and width

Product Info:

- Made from 25x25mm grade 304 tube
- Manufactured to custom lengths
- Fully customisable
- Supplied with integral stainless wall brackets
- Sealed tube ends

## INSTALLATION NOTES

1) Fixture strength is ultimately determined by the load capacity of the supporting structure and use of suitable fixings. 2) Shelf is supplied with integral heavy duty L-shaped 25x25mm SHS stainless tube wall brackets. 3) Brackets are then secured to wall via two fixing holes in each bracket. 4) Fixings not supplied.
