- Choice of tapware styles
- 1, 2 or 3 tap holes
- Optional anti-ligature waste
- Suits detention projects, holding cells, public amenities and bars

about

The *BRITEX Stainless Steel Pedestal Security Basin* is a popular vandal resistant fixture for holding cells, public toilets and train stations. Shrouded all the way to the ground, it can be trapped through the floor, eliminating the need to penetrate the rear wall. Compact in size and taking up little space in smaller rooms, it is fixed both at the rear of the basin and at the base. Options include an integral toilet roll holder, security waste and access panels if fixing from the front. Can be supplied with fully certified timed flow pillar taps or security tapware if required. Security waste is optional.

sample spec. text

*BRITEX S.S. Pedestal Security Basin. 360L x 420W x 820H. **Front/Rear** fixed model, supplied complete with 40mm **security/polypropylene** waste outlet, **integrated toilet roll holder** and **XXXX tapware** - Product Code SPB-XX-TW-XXXX-X*
