- Supplied with automated, periodic 'AutoClean' device
- Manufactured in custom lengths - up to 1400mm max.
- Available in modules for joining on site
- Vandal resistant design
- Perfect for schools, clubs and public amenities

about

The *BRITEX Watersaving Urinal* is a great, vandal resistant water saving fixture that incorporates the unique 'Britex Waterless' outlet requiring no costly replaceable cartridge, bio block or sealant fluid. Instead the 'Britex Waterless' outlet utilises a self-sealing one way diaphragm that allows urine to pass, whilst trapping odours within the plumbing. To assist with the regular maintenance regime, each Watersaving urinal is supplied with a Britex Hygiene Clean that periodically activates a cleaning cycle to ensure the connected plumbing is flushed and the unit itself is kept clean. WaterMark certified as required by plumbing regulations and government legislation.

sample spec. text

BRITEX S.S. Watersaving Urinal - XXXXmm Long. WaterMark Level 1 certified, supplied complete with Waterless one-way valve outlet and Britex Hygiene Clean device - Product Code UESI-LF
